Chapter 1: Number

NOTES

Play: Attribute Game

Materials:
Pattern Blocks

Directions:
This game is designed for 2 players but can be adapted to a small group.

1. Player A chooses a block and lays it down.
2. Player B selects a block that is different in at least one attribute, but the same in at least one attribute (color, size, or shape) and places it.
3. Players continue taking turns.

For example:
1. Player A picks a red, small square.
2. Player B picks a blue, small square and places it.
3. Player A picks a blue, small triangle and places it.

How long of a train can you build?

Variation:
•Use beads and string to make a necklace or bracelet.
