### Play: Flip It

Materials:

3 x 10 Number Array Cards made in class  
Mathodology Playing Cards

Directions:

This is designed as a partner activity but can be adapted to a small group.

1. Spread on the ground the 3 x 10 Number Array Cards made in class.
2. Stack Mathodology Playing cards, face down.
3. Players flip one Mathodology Playing Card to show a number or representation of a number.
4. Player A finds the corresponding 3 x 10 Number Array Card.
5. Player B checks the match.
6. Player A confirms the match by announcing, "This is three."
7. Player B repeats steps 3-5.
8. Players continue game taking turns.
