HOMELINK

Chapter 1: Number

NOTES	

Play: Which One Does Not Belong?

Materials:

Sorting Circles (hula hops/rope, etc) Items to sort

Directions:

This is designed as a partner activity but can be adapted to a small group.

- 1. Partner A sorts items into two or three groups and includes one item that does not belong or meet the sorting criteria.
- 2. Partner B attempts to guess the rule used to sort the objects.

Variations:

• Consider physical attributes (color, size or sparkle), function (utensils, cups), or relation (animals that walk, animals that fly).
