Chapter 1: Number

NOTES

Play: Read My Mind

Materials:
Sorting Circles (hula hops/rope, etc)
Items to sort

Directions:
This is designed as a partner activity but can be adapted to a small group.

1. Player A sorts items into two or three groups.
2. Player B attempts to guess the rule used to sort the objects.
3. Players take turns.

Variations:
• Consider
-physical attributes (color, size, pattern, or sparkle)
-a concept (animals that walk, animals that fly)
-a relation/function (objects we use to eat, groom)
